## New Location!

Silver Pearl Acupuncture Clinic, LLC would like to announce our new location! The new address is: 5336 SE Bush Street, Suite B, Portland, OR 97206. Our phone number is the same: 503 577 9666.

We are in the back of the building located at 5339 SE Foster Road, so our address is on Bush Street.

If you are heading West on Foster Road heading toward downtown, we are about 2 blocks down from George Morlan Plumbing supplies on the same side of the street. Our building has three metal lion's heads on the front, which should help you identify it.

Our new neighborhood is undergoing urban renewal and we can see many exciting new developments in our area.

Our building, which is 100 years old this year, has a clinic which houses Silver Pearl Acupuncture, 2 Licensed Massage Therapists and a natural products beauty salon and an all organic restaurant that should be open this summer.

We currently have one vacant space in the clinic, so we shall have to wait and see who our final new neighbor will be.

Come in and take advantage of our move-in special. Mention this newsletter and get 25% off your first visit to our new space.

### The Year of the Boar

The year 2007 is the year of the Boar, also identified as the Pig. This is said to be a year of good will to all. It will be an excellent climate for business. Industry in general will prevail. The Boar's year is one of plenty, but it is ill advised to overspend this year or make sizeable investments without thorough investigation.

The fortunate Boar carries with him contentment and security. This is one year in which you could be happy without having or needing a lot of success or money to make it so. There will not seem to be many hurdles to overcome and the placid Boar radiates a sense of well-being. Still, a great deal of prudence is recommended in money matters, as the Boar is always susceptible to swindlers.

It will be a lot easier to make friends in the Boar's tolerant and expansive atmosphere.

This is looked upon as a year of fertility and virility. To bear children in the year of the Pig is considered to be very fortunate.

People born in 1911, 1923, 1935, 1947, 1959, 1971, 1983, 1995, and 2007 are all born under the sign of the Boar.

Of all God's Children

I have the purest heart.

With innocence and faith,

I walk in Love's protective light.

By giving of myself freely

I am richer and twice blest.

Bonded to all mankind by common fellowship,

My goodwill is universal

And knows no bounds.

-I am the Boar

## Now You Know

People who have had acupuncture treatments often report "side effects" such as increased energy, a sense of well-being and increased libido, even if their treatment is for something as seemingly unrelated as headache pain.

## Pearls from a Sage

The world in which you were born is just one model of reality.

Other cultures are not failed attempts at being you: They are unique manifestations of the Human Spirit.
